FARM LANDS for SALE.—The ILLINOIS

TWO MILLION OF ACRES

F A R M I N G L A N D S,
IN TRACTS OF FORTY ACRES AND UPWARD,
On
LONG CREDITS

And at

LOW RATES OF INTEREST.

These Lands were granted by the Government to sid in the
construction of this Railroad, and include some of the richest
and most fertile Prairies in the State, interspersed here and
there with magnificent groves of oak and other timber. The
Road extends from Chicago on the north-east to Cairo at the
south, and from thence to Galena and Dusleith, in the northwest extreme of the State; and as all the lands lie within fifteen miles on each side of this Road, ready and cheap means
are allored by it for transporting the products of the lands to
any of those points, and from thence to Sastern and Southern
markets. Moreover, the rapid growth of flourishing towns and
villages along the line, and the great increase in presistion by
immigration, &c. afford a substantial and growing home demend for farm produce.
The soil is a dark rich mold, from one to five feet in depth, is

date of contract, and the others annually thereaster. The last payment will become due at the end of the sixth year from the date of the contract.

INTEREST WILL BE CHARGED AT ONLY THREE PER CENT PER ANNUM.

As a security to the performance of the contract, the first two years interest must be paid in advance, and it must be understood that at least one tenth of the land purchased shall yearly be brought under cultivation. Longer credits, at 6 per cent per annum, may be negotiated by special application. Twenty per cent from the credit price will be deducted for cash. The Company's construction bonds will be received as cash.

Ready-tramed Farm Buildings, which can be est up in a few days, can be obtained from responsible persons.

They will be 12 feet by 20 feet, divided into one living and three bed-rooms, and will cost complete, set up on ground chosen anywhere along the road, at \$150 in cash, exclusive of transportation. Large buildings may be contracted for at proportionate rates. The Company will farward all the materials for such buildings over their road promptly.

Special arrangements with dealers can be made to supply those purchasing the Company's lands with fencing materials, agricultural tools, and an outfit of provisions in any quantity, at the lowest wholesale prices.

It is believed that the price, long credit, and low rate of interest, charged for these lands, will enable a man with a few hunured dollars in cash, and ordinary industry, to make himself independent before all the purchase money becomes due. In the mean time, the rapid settlement of the country will probably have increased their value four or five fold. When required, an experienced person will actual manor in the required, an experienced person will actual sunds throughout the State—also, the cost of fencing, price of cattle, expense of harvesting, threshing, etc., by contract—or any other information—will be cheerfully given, on application, either personnily or by letter, in English, French or German, addressed to JOHN WILSON.

FOR SALE or EXCHANGE—A very desirable LAWN of about 60 acres, on Staten Island, highly improved. House, Barn and Carriage-House all new.
